- Reintroduction of the red road markings that are to go ahead on 4th October
- WCC Road Traffic Regulation Act 1984 (A38 Kempsey to Severn Stoke Speed limit)
- Trees at Napleton had been cut and the height adjusted.

Mr. Bowley addressed a query concerning when Highways mow the grass verges is there a standard depth they have to adhere to. Mr. Bullock advised yes there was, this being one yard.

7.3 **District Councillor's Reports:** Please refer to report from Mr. Rea (attached).

Mr. Harrison referred to SWDP to be discussed at agenda item 13.

Mrs. Campbell addressed a query to Mr. Harrison asking who was responsible for rubbish clearance along A38 to the Ketch roundabout. He advised this was the responsibility of MHDC. However, as the grass had been cut earlier than usual this emphasized the amount of litter. As a result a litter pick event was being organized.

7.4 **Environment Committee:**

1. Contractors for Snow/Ice Clearance and Grit Bins- It was agreed to supply WCC with a list of contractors who might be suitable for snow clearance works, agreeing to make WCC aware that these had not been approached by The Parish Council and that they needed to contact them directly to check if they were willing to undertake this work.

Grit Bins Scheme: It was proposed by the Parish Council that it would not participate in this scheme to have its own grit bins and stores of salt. It was felt this would create extra work and expenditure costs.

2. Graffiti Removal – Mr. Hay proposed that graffiti be removed from various locations within the village at a cost of £210. This was seconded by Mr. Blackwell with all members in unanimous agreement to accept. The Duckworth Trust will carry out this work.
3. Litter Bin Update- All the litter bins have now been installed, including one on the alleyway linking Rookery Road and the A38 which was initially cancelled due to objections by a resident. After speaking to this resident an amended location was chosen.
4. Bus Shelter Improvement Quotations – Mr. Blackwell proposed to accept the quotation for £350. This was seconded by Mrs. Hart with all members in agreement to accept. The contractor appointed to carry out this work was Jim'll Fix It.
5. Rocky Clearance Update – A dead Sycamore tree needs removing. Mr. Bannister has obtained three quotations. He made a proposal to accept the lowest price quotation for £400. This was seconded by Mr. Blackwell. All members were in unanimous agreement to accept. Wild Contracts were appointed to complete these works. Mr. Bannister advised the budget limit had now been reached. Mrs. Hart advised that the tree would need replacing. Mr. Harrison confirmed he was in

consultation to try to obtain a pack of trees. Planning permission had been sought for the removal of this tree being a potential hazard, although this may not be necessary.

7.5 **Commons and Hams:**

1. Ashmoor Common – Topping, Scrub and Bramble Clearance & Funding

Mr. Bowley reported that Ashmoor Common is due to be topped tomorrow.

Quotes are in the process of being obtained for the clearance works which Natural England would like completed by October 2011.

Mr. Legg draw reference to obtaining quotes on a 'three year price fix' and asked if the Parish Council would favour this? Mr. Michael advised the Council would consider this it as it would be more cost effective on a long term basis.

7.6 **Recreation Committee:** Mrs. Campbell reported:-

1. Boiler Replacement at the Pavilion. Three quotes were obtained. (Mr. Harrison left the room) Mrs. Campbell proposed to accept the quotation for £725. This was seconded by Mrs. Gerrard with all members in unanimous agreement to accept. H T E Solutions Ltd were appointed to carry out this work.

Mrs. Campbell reported an inspection had been made to the fire hydrants. It was highlighted that one needed replacement. This was carried out under a delegated decision as a Health & Safety requirement at a cost of £65 by the Parish Council. Mrs. Campbell had received confirmation from the Sports Association that they had agreed to the list of requests in carrying out internal repairs and painting. Leader Showcase Event will be on 4.10.11 4-7pm at Severn Stoke Village Hall. Members of the Recreation Committee will attend representing the play area.

Mrs. Campbell brought to the attention of the Parish Council that a spring needed replacing to a broken item of play equipment (Motorcycle). To purchase a new spring and have this installed would cost £260 plus £120 (labour). It was established there were two motorcycles and whilst getting one repaired it would be more cost effective to change both springs especially as they were at least ten years old. A proposal was made by Mrs. Campbell to replace both springs and fit at the same time. This was seconded by Mr. Bannister with all members in agreement to proceed, apart from Mr. Bowley who abstained from voting.

Mrs. Hart reported dog fouling on the football pitch at Plovers Rise. District Councillor Mr. Rea will report. Mr. Michael emphasized sufficient facilities for the disposal of waste were provided so this was no excuse!

- 7.7 **Community Centre:** Mr. Hay reported that the boiler works to the Community Centre were due to commence tomorrow. He reported previously two quotes had been obtained in respect of providing and installing a kitchenette in the rear corridor in excess of £5K and £4.5K. This was thought to be too costly and as a result further quotes had been obtained to purchase the units direct and obtain prices for installation. One quote had been received for £811.47 plus VAT to purchase units and £970 fitting costs (plus an additional provisional figure of £270 to include electrics, plumbing, painting & tiling works and £150 contingency.) This would cost in the region of £2.2k for a new kitchenette. Mr. Harrison made a proposal to accept the quote for £2.2K. Mr. Michael expressed his concerns in that some of the quote was based on estimated figures only and as this was public money being spent would like to see further quotes. This item was deferred as a result.

1. Painting Works to Consider. Three quotes were obtained two to specification only. It was proposed by Mr. Hay to accept the quote for £1850 plus an additional £250 for damp proofing works in the rear corridor. This was seconded by Mr. Blackwell. All members were in unanimous agreement to accept. The contractor appointed was Mr. S.Jarvis.

Mr. Harrison referred to two items on last month's agenda concerning tidying up outside the community centre and displaying some historic photographs. This was seconded by Mr. Hay with all members voting to accept apart from Mrs. Campbell who voted against. Mr. Harrison also proposed that he could purchase some A4 picture frames at a cost of £60 in total. This was seconded by Mr. Hay with all members unanimous agreeing to accept.

- Post Office Update. Reference was made to the Postal Services Act. No direct response received from Harriet Baldwin MP. Mr. Michael to pursue and update accordingly.
- Community Centre Surveyors Report – Following a recommendation from MHDC very disappointed to not have yet received a full report from a survey that was conducted in March 2011 that will cost £750.
