

# Kempsey Footpath Group

A footpath walking group has been formed in Kempsey to report on any local footpath that has problems

This could be overgrown bushes, lack of signage, or dangerous animals such as a bull.

The group is co-ordinated by me, Ann Smith. I have large definitive maps of the parish with all the footpaths marked and numbered and anyone walking a path can submit a short report.

Four of us have been trained as Volunteer Supervisors and we have a number of secateurs, gloves, and saws loaned to us by the County.

We have organised a working party to clear a path on Sunday 31<sup>st</sup> May at 10.00am

If anyone would like to join us for this, or for path walking in general, please contact me by either phone or email
